

Corvid by Wix

**Build Webapps
like it's 2030**

”

Turning design into production-ready webapps is hard.

There are many good projects that solve parts of the problem, but no holistic solution.

As an industry, we can do better.

Yaniv Even Haim,

VP R&D @ Wix

What Can Be Better?

Dev Velocity

Fastest solution to a production-ready, full-stack web application.

Fully Managed
